

Light-Blocking Cases

SMALLCORP
THE SMALL CORPORATION

Products for the Display, Conservation and Storage
Of Works of Art, Textiles and Objects

Since 1972, SmallCorp has been a leader in the design and manufacture of archival museum exhibit cases and museum quality picture frames.

We are a vertically integrated manufacturer working in acrylic, glass, metal, wood and textiles to create archival and durable exhibit solutions. Our capacity ranges from our line of standard frames and cases to customer designed projects, whether it is one piece or hundreds. Our goal is to work with the conservation, exhibition and artistic communities to make the highest quality products at a reasonable price. We believe collaboration creates value both for our clients and for their audiences.

We are proud to say our products are made in the USA with solar power.

Capabilities

- Acrylic fabrication
- Aluminum and steel welding and finishing
- Cabinet work
- Fabric Lamination
- Powder coating and painting
- Sheet metal fabrication
- CNC sawing and routing
- LED and Fiber optic lighting

Unique Areas of Expertise

- Archival materials, adhesives and coatings
- Construction of sealed exhibit cases with air exchange rates as low as .02/day
- Design / construction of engineered picture framing and exhibit case solutions for small to very large objects
- Protection of objects from UV light damage

Reduces light and heat exposure for objects

Reduces energy consumption

Motion sensor, remote control or switch-activated

Easily outfitted with internal LED lighting

Powered by rechargeable battery or typical outlet

Available in panels up to 39" wide

SmallCorp is proud to feature SPD-SmartGlass among our museum case options. SmartGlass switches instantly from tinted to clear, allowing institutions to control the heat and light entering the case.
